

1

**LOVERS LANE ART FENCE INSTALLATION**

The UCPIID, in partnership with the City of Dallas and DART, will be creating a wrought iron fence with an artistic look and feel to provide a measured response to managing the homeless and panhandling population in and around the Lovers Lane area.

2

**LOVERS LANE ROCK AND POLLINATOR GARDEN**

The UCPIID, in partnership with DART, has created and implemented a safe and effective deterrent for a resident homeless and panhandler population in the area by building a rock and pollinator garden.

3

**POTENTIAL LAW ENFORCEMENT SUBSTATION**

UCPIID focused time in 2022 in creating and implementing a DPD substation in the neighborhood and is continuing to identify potential space and partners to make this a reality.

4

**BIKE SHARE**

UCPIID has been in the forefront of bringing a bike share to Dallas and has worked with several community partners including DART to create a more pedestrian-friendly and sustainable option for our neighbors.

5

**GREENVILLE AVENUE IMPROVEMENTS**

Through the implementation of the UCPIID strategic plan and the Dallas Bond Program, Greenville Avenue will be receiving several updates including widened sidewalks and improved walkability throughout the Greenville Avenue area of the community.

6

**UNIVERSITY CROSSING TRAIL LANDSCAPING**

The UCPIID developed and implemented a drought-friendly landscaping plan along the University Crossing Trail close to SMU Boulevard including the addition of artwork and rest area benches.

7

**PEDESTRIAN FLASHERS**

In collaboration with the City of Dallas, UCPIID has recognized a safety concern and is working with the City to add Flashers for pedestrian safety along the University Crossing Trail.

8

**UNIVERSITY PARK WALL MURAL**

We are deep in the process of identifying an artist and concept to create a statement mural on the wall that is owned by University Park and viewed by all DART riders and University Trail walkers.

9

**TRAIL CONNECTOR**

UCPIID is working with the City of Dallas Park and Rec Department to develop a formal trail connector at this location (Matilda & Worcola).

10

**POLLINATOR PARK**

We continue to improve the space under the Matilda Bridge and along the trail including creating and developing a Mural and Pollinator park with an art fence and improvements along the University Crossing Trail.

11

**UNIVERSITY CROSSING TRAIL - PEDESTRIAN LIGHTING PROJECT**

The expected completion for lighting the trail is Fall 2023.

12

**MOCKINGBIRD LANE MEDIAN IMPROVEMENTS AND LANDSCAPING**

13

**PEDESTRIAN COUNTDOWN TIMERS**

14

**MOCKINGBIRD ELEMENTARY SCHOOL**

15

**GLENCOE PARK**

Over the course of the UCPIID providing improvements in the area, Glencoe Park has been a major focus. The UCPIID Board has provided Pet Waste Stations, a colorful mural, rest areas, chess park and more.
